The SC may consult with acknowledged practitioners to determine the appropriateness of entries into this category.

Slack key guitar or kīkā kī hō‘alu is a uniquely Hawaiian approach to guitar playing that is unlike any other guitar style in the world. It gets its name from the way the guitar is tuned – some of the strings are loosened or slacked. It is usually characterized as having an alternating bass line while the melody is plucked on the higher pitched strings.

Techniques and ornamentations include slides, pull-offs, add-ons, hammers, slurs, and harmonics (sometimes referred to as chimes). The music sometimes reflects hula rhythms and is characterized by turnarounds or “vamps”, phrases, and chordal structure of the compositions. Just playing in an alternate tuning does NOT make it slack key. It's the dedication to the bass in support of the melody that differentiates it.

‘Ukulele Album of the Year

Best ‘ukulele performance. 75% of the tracks must feature the ‘ukulele predominately without vocals, and may feature ‘ukulele performance in any musical style; may contain up to 25% vocal tracks with ‘ukulele accompaniment, provided the ‘ukulele accompaniment is not subordinate to any other accompanying instrument.

Note:

- Compilations of any genre (Comedy, Jazz, Slack Key etc.) are not eligible in that particular genre category, as all genre categories are artist awards (single artist or group). Compilations of any genre of music will be considered in the genre category – Compilation Album of the Year.

The 75% quantum required on an album of 9 songs is 7 songs; on an album of 10 songs it is 8 songs; on an album of 11 songs it is 9 songs; on an album of 12 it is 9 songs; on an album of 13 songs it is 10 songs; on an album of 14 songs it is 11 songs, etc.
